

**National Statement, delivered by Mr. Danyal Hasnain, Second Secretary, during the 4th
UPR Review of Chile
46th Session of UPR
30 April 2024**

Madam. Vice President,

We warmly welcome the delegation of Chile and thank it for the presentation of its 4th UPR report.

We appreciate Chile for its continued engagement with the UN human rights machinery. We acknowledge several measures taken by the Government to promote and protect the rights of its citizens, especially in the field of combatting climate change, trafficking in persons and promoting equitable access to education.

We have the following recommendations:

- Further strengthen measures concerning efforts to reduce poverty and improve the standard of living its people, especially the Indigenous Peoples; and
- Support, through economic and social policies, the institution of the family and the preservation of family values, in line with provisions of international human rights covenants.

We wish Chile a successful review.

I thank you!
